

ATTRIBUTE TABLES

The following tables contain all of the units from sets 1 – 7, sorted by different stats. For example, if you'd like to have an early war game, restricted to 1939 and 1940 units only, then "Table 1 – Sorted by Country, then by Year" may assist you in building your army.

Table 1 – Sorted by Country, then by Year

Table 2 – Sorted by Anti-Soldier Strength**

Table 3 – Sorted by Anti-Vehicle Strength**

**For Tables 2 & 3, overall attack strength is based on a the best possible attack for that unit, at optimal range, with all relevant Special Abilities. Therefore, the MG 42 Machine-Gun Team is ranked higher than the Wirbelwind, even though it rolls fewer dice, as the MG Team has "Double-Shot". Rankings are determined by the probability of hitting a 4/4 defense soldier or vehicle.

"I don't know what effect these men will have upon the enemy, but, by God, they terrify me."

– Arthur Wellesley, 1st Duke of Wellington (1769–1852),
Commander of Anglo-Portuguese forces during the Peninsular War (part of the Napoleonic Wars)

"The two most dangerous weapons the Germans have are our own armored halftrack and jeep. The halftrack because the boys in it go all heroic, thinking they are in a tank. The jeep because we have so many God-awful drivers."

– General George Patton (1885–1945),
Commander, U.S. Third Army

"Red Army Forward Observer" Battle of Kursk, July 1943
